

THROWDOWN: ROOFERS

Brothers Services vs. Fick Brothers

The Lowdown

Both these outfits have the science of top-quality roofing nailed, with tens of thousands of jobs under their (tool) belts and nary a dissatisfied customer on record.

Tale of the Tape

Brothers was a Best of Baltimore winner last year; but fourth-generation Fick actually has a longer track record, with 80,000 roof jobs since 1949.

The Decision

We give a tiny edge to **Fick Brothers** for their peerless customer-relations record, from the first phone call to the finished job.
